Personal Information

Name : Kittiphat Khomsanith

Nickname : Camp

Age : 21

Birthday : 14 May 2004

Nationality : Thai

Gender : Male

SKILLS

Frontend

- HTML — Intermediate
- CSS — Intermediate
- React.js — Intermediate
- Flutter — Beginner

Backend

- Node.js — Intermediate

Database

- SQL — Intermediate
- MongoDB - Beginner
- PostgreSQL - Intermediate

Programming Languages

- Python — Intermediate
- Java — Beginner
- C# — Intermediate

LANGUAGE

THAI - NATIVE

ENGLISH - B2

Career Objective

Computer Science student with frontend internship experience at Geekstart Co., Ltd. Experienced in building React.js web applications, API-connected user flows, and AI-assisted projects. Seeking to grow as a Full-stack Developer by creating practical, scalable software products.

EDUCATION

- Saint Louis School — Arts-Language Program
2012 – 2021 | GPA: 3.70 / 4.00
- Bangkok University — Computer Science
May 2022 – May 2026 | GPA: 3.75 / 4.00

Work Experience & Projects

Geekstart Company Ltd. — Frontend Developer Intern

January 2026 – May 2026

- Developed frontend features for One Call and Insight web applications.
- Built form-heavy user flows with validation and API integration.
- Refactored reusable components and removed unused code.
- Supported Thai/English localization.

Personal Project

Reading Journal

- Built a full-stack book journal web app with reading progress tracking and community review features.
- Developed an admin dashboard for user, review, and content moderation.
- Implemented SBERT-based book recommendations across 10,000+ books.

Tech Stack – React.js, Node.js, MySQL, Python, SBERT

Plank

- Built a real-time project management web app with sprint boards and task tracking workflows.
- Implemented live cursors and presence updates for team collaboration.
- Integrated Supabase and PostgreSQL for authentication, data storage, and real-time updates.

Tech Stack – React.js, Vite, Supabase, PostgreSQL
